Welcome to Dunross!

This handbook is designed to be a handy reference for responding to those questions that all new members of our community have.

While Dunross is a private, primary school, it is also the only non-denominational school in Trinidad and Tobago that is run by a co-operative. As you glimpse that first view of our large backfield and pass through the office to the spacious classrooms where learning takes place in a supportive, nurturing environment you will experience all that makes this school unique.

For the next seven or eight years, Dunross Preparatory School will be a second home for your child. It is important, therefore, that you understand the school’s mission and purpose.

The primary focus is academic in keeping with the demands of our local curriculum but Dunross consciously strives to develop the child holistically. This means that emphasis will be placed not solely on the intellectual but also on the emotional, social, spiritual, creative and physical aspects of children’s development. We are confident that the foundation established here will provide a solid base for continued growth and performance in later school life and beyond.

Please familiarize yourself with the contents of this handbook. It serves as the start of the home-school partnership so vital to your child’s success while at Dunross. Rest assured that the school’s efforts will be geared toward making his/her experience a positive one.

Principal
THE DUNROSS VISION

The Dunross Child stands ready and able to face the world, always open to learning.
THE DUNROSS MISSION

Dunross places a high value on the process of learning.

We aim:

• to produce a student who is academically capable, as well as creatively, emotionally, morally, physically, socially and spiritually developed.

• to provide a co-operative working environment where mistakes are seen as opportunities for growth.

• to encourage students, teachers and parents to work together as a community to create individuals who are confident, well-adjusted and responsible, prepared to assume the role of contributing citizens in society.

THE DUNROSS MOTTO

Learning for Life
HISTORY

Dunross Preparatory School first began in 1955 at 45 Long Circular Road, St. James, on property leased by the original owners, Mr. Harry Ross and Mr. Henley Hutchinson. However, in 1975, Mr. Ross, who by that time had become the sole owner of the school, decided to retire and he urged parents to take over the running of the school.

Through the efforts of the then existing Parent/Teacher Association, the Dunross Co-Operative Society was registered on the 26th June, 1975, under the Co-Operatives Societies Act, 1971. The Society was established to operate and manage the school – DUNROSS PREPARATORY SCHOOL – for the education of the children of its members.

Land was purchased in Westmoorings and in September 1978, 18 classrooms were completed and occupied. The Administrative Block, completed in 1981 and refurbished in 2001, provides offices for the Principal, Administrator and administrative staff, a sick room, and interview and conference room, and computer lab. The science block was first opened in September 1984 comprising a laboratory and a music room. Computer Studies was added to the curriculum when the computer lab was opened in September 1990. With the recent expansion of the Resource block in 2007, there is now a Math/Science Lab, a Media Lab and a larger, refurbished Library as well as expanded Music Room. The remedial room was relocated and expanded in size in 2007.

The school is run by the Board of Directors of Dunross Co-Operative Society Ltd. The Principal co-ordinates the activities of the 400+ pupils, 32 teaching staff and about 300 families.

Updated February 2009
**THE CO-OPERATIVE**

The Co-operative’s Bye-laws (given to all new parents) provide for the appointment of a Board of Directors to decide and implement policy, plans and projects. They report to shareholders at the AGM usually held in the first term, after the accounts have been audited. All shareholders are expected to attend.

The Co-operatives’ objectives are entirely educational. The school conforms to the curriculum laid down by the Ministry of Education, making decisions about income and expenditure to maximize the educational functioning of the school, not to make a profit. The real return on investment is the healthy, happy, well-rounded Dunross child.

Dunross parents are the members and shareholders of the society that owns the school. Every family is required to purchase shares, which are bought only once even though several children from one family may be in the school.
GENERAL INFORMATION

The aims of the school are:

• To enable children to acquire habits, knowledge, skills, interest and attitudes which they will need to live full, useful and productive lives;
• To help each child to develop to his or her fullest potential;

• To develop habits of critical thinking and self-discipline;
• To respect people, property and self.

**General Information – Policies**

**Child Custody policy**

Unfortunately some marriages do end in divorce. In many divorces the parties are able to agree on the issue of custody of the children and the marriage. But in a few cases they are unable to agree and issues of custody and access or visitation rights are left to be determined by the courts. In such cases experience has shown two things:

1. it is only in the very exceptional case can a teacher or other employee of the school give evidence that will assist the case of one parent against the other in the battle for custody of the children.

2. it is in the best interests of the children that the school, its teachers and other employees remain neutral and not be called upon to support the case of one parent against the other.

With (2) in mind the school will make its records in relation to the children available to any parent who requests them and will also meet with the parents should there be a request to do so.

*May 2006*

**Cell Phone Use Policy**

While cell phones have become a part of 20\textsuperscript{th} century life, the school is of the belief that it is NOT necessary for a child of Primary school age to have a cell phone while at school. Children are allowed to use the pay phone once the teacher has granted permission. The Office phone is also available in the event of an emergency.

Despite its growing popularity and convenience, I urge parents to exercise restraint and promote responsible use before providing cell phones to young children. Should it be deemed necessary for your child to have one, please note the following:

- The phone is to be turned off from 8:00 a.m. until 1:30 p.m. and kept out of sight in the school bag during the school day.
- Should the phone ring during class time, it will be confiscated and kept in the Office until collected by a parent/guardian.
- Any parent wanting to contact a child during school hours should do so through the school office.
- The school does not hold itself responsible in the event of loss, damage or theft.

*October 2005*

**Traffic Arrangements**

When dropping and collecting your children, we ask your co-operation in ensuring a free flow of traffic with a minimum of inconvenience to all.

Make proper arrangements beforehand. Ensure your child knows who is picking him/her up after school and where he/she is to be picked up, before leaving home.

When approaching the school, please go left around the round-about and move as far forward as possible before stopping. Do not blow Horns.

On dismissal, and while there are vehicles entering the “Pick-Up” area, vehicles may wait only as long as required to pick up their waiting children.

Drivers who stop and do not find their children waiting, must move forward immediately and return via the round-about, circling until they arrive.

Do not leave your vehicle unattended in the “Pick Up” area in front of the school. Staff Parking and Pick-Up areas are No Parking zones (see diagram).

Encourage your children to come to the “Pick-Up” area quickly.

Older children may need extra time to pack their bags properly.

By your allowing the extra time and arriving at school a little later, there should be less traffic congestion.

Children are to be dropped and collected in the “Pick-Up” area only. They are not allowed to cross the roadway unless accompanied by an adult. Do not call children to run across the line of traffic to your car.

Please co-operate with the teachers on Duty and our Guard. They are there to help with the smooth flow of traffic, but primarily to ensure the safety of the children.

No parking or waiting along fenced area during “Pick-Up” time or at any spot along the fence, which borders the school (see diagram). Cars parking along the fence just after the pick up area at the front actually cause a bottleneck, preventing the smooth flow of traffic.

When parking along St Anthony Drive, do so on one side of the roadway only. Do not block driveways.
There are four access roads to the school. Please try to avoid using the same road for entrance and exit.

The small Back Gate to the playing field is open each morning from 7:30 a.m. to 8:00 a.m. (once the Security Guard is on duty) and again at 1:25 p.m. to 1:45 p.m. (with a teacher on duty) to facilitate dropping and collecting of children, once the weather is fine. If it is raining children must be collected at the front "Pick-Up" area.

**Traffic Arrangements Map**

If it is raining children must be collected at the front “Pick-Up” Area. However, if there is just a drizzle and you bring your umbrella, the back gate will be open so that you may walk in for your child (children will be waiting at the front). This gate will be locked at 1:45 p.m. sharp.

Amended May 2002.

The school office should be informed by parents of any children allowed to walk to and from school. Kindergarten children of infant classes must not walk home unattended.

Absences
Parents or guardians going away and leaving a child/children in someone else's care for any length of time, must notify the Principal, in writing, giving details of the temporary arrangement.

If a child will be away from school for any length of time, a written excuse is to be sent to his/her class teacher or to the school office.

The school must be informed beforehand when a child is to be picked up by someone other than the parent or regular driver.

Permission for a child to leave early must be made by the parent in the form of a written request to the teacher or a verbal request to the Principal or office staff, in an emergency.

A child who has been absent, on his return, brings a note to the teacher stating the date(s) and reason for absence.
If a child is physically unable to participate in P.E. an explanatory note should be sent to the teacher.

Each child, from infant 2 to SEA 5, has a homework notebook in which the assigned homework is written. The book must be signed by a responsible adult to indicate homework has been done.

Parents wishing to discuss the affairs of their children need to make an appointment with the teacher or teachers. Parents are not allowed to visit the classrooms at any time unless authorized by a teacher, the Principal or a member of the administrative staff.

**Illness**
No child with an infectious illness may return to school without a doctor's certificate stating the child is no longer infectious.

If the Principal is not satisfied or is doubtful about a child's health, she may at any time require a doctor's certificate attesting to the child's fitness to attend school.

Any child found at school with communicable conditions such as head lice, impetigo, measles, etc., will be immediately quarantined and sent home as soon as it is possible to do so.

**Communication With Teachers**
